FORWARDING PASSION

The 8th "SAKURA" Japan Women's Wine Awards 2021

I am happy to announce that we received a record number of 4,562 wines from 32 countries and the 8th judging assessment was held as scheduled under challenging circumstances.

We held the judgement in Tokyo and Osaka to avoid long distances travel for the juries.

During the coronavirus outbreak, dining out has decreased, but the consumption at home has increased. We receive many comments by consumers that the Sakura Award seals on wines represent delicious wines chosen by women judges in Japan and an assurance that goes well with their home-cooked meals. From retailers, that the Sakura Awards' recognition has gone up, and they are happy to see many returning customers. You can choose your favorite wine from the search system on the "Sakura Award" website.

Yumi Tanabe, President

MESSAGE from winner

Dear Jury and wine lovers,
I am greatly honored to have been awarded as Best Women Winemaker 2021 and I must confess that this is quite unexpected. Indeed, in 2017 (not so long ago) we decided with Maurice, my husband, to change our life and took over Boucarut and it's nearly 20 hectares of vineyards which are now certified organic. We believe that the experience of the years is essential for the growing and elaboration of good wine. Since we don't have it yet, we put all our heart, our passion for the magic of wine and our work in order to craft wines that we believe authentically express our terroir and the different vintages. The terroir of Boucarut, which is in one piece,

is made of some pebble stones and mainly of sands which together give our wines strength and elegance. I want to thank our team, our oenologists, neighbor winemakers, friends and family who believe in our work, in our wines and in a world in which diversity is central and who encourages us in this path. We are “neo-vignerons” and your recognition gives us courage and confirms that our choices are the good ones! Looking forward to our presence in Japan!

Message from Ms. Geneviève Janssens, Winner 2020

It is a great honor and privilege to express my admiration to Saskia Goetschy, the best Women Winemaker 2020

of SAKURA AWARD for all she has done in her estate of Château Boucarut, AOC Lirac, Vallée du Rhône. She is an inspiring viticulturist and woman winemaker. Saskia's journey is remarkable in courage, dedication and tenacity in many areas. Saskia leads by example looking for a brilliant future in viticulture and winemaking: The conversion to organic farming to preserve the environment for generations to come is a message to Mother Nature and her organic wines are stunning. Her mission is to show the way to the new generation who is ready to follow her great attitude in life. Congratulations!

IS THERE A UNIVERSAL WINE GLASS?

ラ・ルヴュ・デュ・ヴァン・ド・フランスは、どのようなワインでも同じ精度でテイスティングができるグラスを探して、主要なグラスメーカーの10種類のワイングラスでテストを実施した。

最も汎用性が高いグラスは
シュビゲラウ社の
「オーセンティス ホワイトワイン」

シュビゲラウ社によってドイツで製造されたこのクリスタルガラスは、美しい輝きを放ち、柔軟性があるため耐衝撃性にも優れている。手に持つとやや重いのが、プロにとっても一般消費者にとってもこのグラスは理想的な選択である。特筆すべきは10,000回の食器洗浄機の使用でも破損しない耐久性が保証されていることだ。このグラスは、同じくシュビゲラウ社が製造する少し小ぶりの「エクスパートテイスティング」グラスの後継シリーズにあたる。様々な種類のワインで試験した結果、スワーリングワインの中には泡の繊細さを失うものもあったが、ほとんどすべてのワインの良さを引き出した。白ワインでは、ブルゴニュのシャルドネが持つ香りと味わいの透明感を表現し、審査において多くの票を獲得した。このサイズのグラスは、北ローヌなどどの赤ワインにも有用であり、アルコール感よりも果実味を引き出す。

RVP's opinion
18/20

Lead free crystal or crystalline 420 ml

Weight, grip and aesthetics : 8/10
The glass from the wines' perspective : 9/10

KISO SHIKKI

The production of Kiso-Shikki as a local industry started around 1670.

The availability of sufficient wood supplies such as Kiso Hinoki (a kind cypress), a warm humid climate suitable for working with URUSHI, and the growth of the craft culture along Nakasendo Route, contributed to the prominence of Kiso-Shikki in the middle of Edo period. Kiso-Hirasawa was well known as the main production district of Kiso-Shikki.

In 1949, Kiso-Hirasawa was designated as staple production area for URUSHI by the Japan government. In 1974, a law was established to promote Japan's traditional craft industry. Based on this law, three techniques for URUSHI work, " KISO-SHUNKEI ", "KISO-TSUISHU ", and " NURIWAKE-ROIRO " were officially recognized as traditional craft in 1975. In order to preserve traditional Japanese URUSHI techniques and transmit them to the subsequent generations, the Academy of the Kiso-Shikki was established in 1976.

In Kiso-Hirasawa the central area for production of Kiso-Shikki, many URUSHI shops stand in rows facing the Nakasendo Route. The people and government of Hirasawa have worked together to maintain the traditional qualities and their town. Thanks to their efforts, the Ministry of Education, Culture and Science designated Hirasawa as a special site for the preservation of valuable traditional building in 2006.
